Dear Sir:

Please amend the above-identified application as follows.

IN THE SPECIFICATION:

Please replace the paragraph beginning at page 5, line 1 with the following rewritten paragraph:

This application is a continuation-in-part of U.S. patent application Serial No. 08/101,017 filed September 16, 1993. *now US Patent 5,842,716*

REMARKS

This amendment is being submitted to remove an incorrect reference to prior applications. Specifically, the parent application, U.S. patent application Serial No. 09/101,017, is not currently a continuation-in-part of U.S. patent application Ser. No. 07/727,757 filed Jul. 9, 1991, now U.S. Pat. No. 5,233,141, or U.S. patent application Ser. No. 07/896,496 filed Jun. 2, 1992, now U.S. Pat. No. 5,231,253. The '141 patent issued August 3, 1993 and the '253 patent issued July 27, 1993, both of which predate the September 16, 1993 filing date of the '017 application. Thus, the '017 application is not currently a continuation of either application.

I hereby certify that this correspondence and/or fee is being deposited with the United States Postal Service as first class mail in an envelope addressed to the "Assistant Commissioner for Patents, Washington, D.C. 20231" on April 4, 2001.
